Chapter 1 by insaanity

"Admit it," Jake said as he was trying to fix what was left of the car, "you want the last cola."

"Do not!" Jane said, as she poked Jake trying to make him laugh.

We have to admit, after the "attack" the world doesn't seem the same. People started dying, Wave after Wave. Eventually we only had a town of 500 people. We were immune. We tried to repopulate, except it failed, every baby born died within 5 minutes. We named it RK. We know who invented it.

"Jakkkk..." She said as she fell to the ground.

"Jane, wake up!"
